

THURSDAY, AUGUST 30, 1894.

Official Paper of Lincoln County

PUBLISHED EVERY THURSDAY BY  
THE RECORD PUBLISHING COMPANY.

OFFICE: MASONIC BUILDING,  
LACOUR STREET.

TERMS:  
Subscription, One Year, by Mail, \$6.00  
Subscription, Six Months, " 3.50  
None Forwarded till Paid For.

Advertising rates furnished upon application  
at the office.  
Entered at the Postoffice at Pioche, Nevada,  
as Second-Class matter.  
Communications are solicited, but the paper  
will not be responsible for the opinions of its  
correspondents.

LOCAL AND OTHERWISE.

Silver .66, lead \$3.15.  
The cattle men are making their last  
rodeo for the year.

H. W. Turner and Ed. F. Freudenthal  
left Tuesday afternoon on a prospecting  
trip.

The Pioche String Band serenaded County  
Treasurer W. J. Dooley and his mother on  
Tuesday evening before their departure for  
the Bay.

J. Nesbitt & Bro. paid Assessor Freudenthal  
Tuesday, a net bill for \$12,497  
from ore worked at the Condor mill from  
the Jim Crow mine.

C. L. Roe of Bristol, is making  
preparations for another run of his furnace  
at Bristol. He has a large quantity of copper  
ore out and expects to run about twenty  
tons of copper bullion.

A. S. Thompson has just received a car-  
load of Salt Lake Beer, also assorted Soda  
and Sarsaparilla, which he is offering at  
reasonable figures and delivered free to any  
part of town.

The public schools will open September  
10th, (that is if the principal gets here) with  
a gentleman from Missouri who will have  
charge of the Grammar Department and  
Kate Courtney, the Primary Department.

A foreigner from Missouri has been en-  
gaged as principal of the grammar school  
here. We inquired of one of the school  
trustees the name of the party engaged, but  
he did not know, but was sure of the fact  
that he was from Missouri.

Matters are very quiet at Silver King  
Mining District. If the present raise in  
silver will only keep its upward tendency  
we can look for the furnace to be completed  
out there and work pushed ahead. The  
mining properties here are valuable.

County Treasurer W. J. Dooley left with  
his mother by Wednesday's stage for San  
Francisco, Cal. Mrs. Dooley has been in  
poor health for some time and he takes her  
to the bay in the hopes of the change being  
beneficial to her. We wish her a safe  
journey and a speedy return of good health.

J. Eisenmann wishes to call the attention  
of those desiring to build, to the fact that he  
has just received a carload of glazed window  
sash, all sizes; also panel, sash and screen  
doors, together with white lead, paints,  
oils and nails, which will be sold cheaper  
than ever, but only for cash.

The party given by the B. B. B. at  
Thompson's Opera House on Monday even-  
ing in honor of their third anniversary was  
a social success, and well attended, many  
coming from the outside to do honor to the  
occasion. A splendid repast was spread by  
Chas. Fook at the Nevada Hotel and the  
party broke up at four o'clock, all being  
well pleased with their night's enjoyment.

T. J. Osborne and A. S. Thompson left on  
Tuesday morning's stage for Carson, Nev.,  
to attend the Silver Party State Convention  
which meets at that place on the fourth of  
September. They represent the following  
delegates from this county: Panama pre-  
sident; John Smith, E. R. Phillips and Geo.  
Edwards. DeLamar precinct; Wm. Nye,  
Dan Baker and Al. Thorne. Pioche pre-  
sident; J. A. Clark, J. A. Denton, H. E.  
Freudenthal, A. S. Thompson and T. J.  
Osborne.

Wm. Lloyd mourns the loss of his hunter  
dog, Birdie. She followed him into the  
drift of the Yuba at the three hundred foot  
level and Mr. Lloyd drove her out. On  
going back in again, he looked to see if she  
had followed him, but she was not where in  
sight. He got on the bucket at the three  
hundred station and rung to be hoisted and  
as he started up he heard her give a whine  
and fall. He descended to the bottom of  
the shaft and found her at the 900, she hav-  
ing fallen a distance of 600 feet. Death un-  
doubtedly was instantaneous.

Once more the Trustees of the Pioche  
Public School have discriminated against  
home talent and engaged teachers from the  
outside for both departments. In regard to  
the ability and qualifications of those en-  
gaged we have nothing to say; but were it  
the best teachers that the United  
Kingdom could produce, the Trustees have  
brought the just censure of an injured com-  
munity upon them by discriminating against  
home talent. Were we to judge by those  
engaged from the outside and the satisfaction  
that they have given to the scholars and  
their parents as against the teachers that  
have been raised here, the per cent in favor  
of home talent would be about 999. For the  
last five years teachers have been en-  
gaged from the outside, and we can safely  
and truly say with the whole community  
that in no instance has satisfaction been ex-  
pressed with the services rendered by those  
so engaged, and it is about time that the  
rule of Nye county be adopted here, and  
that is "an applicant for a school has to be  
a resident of the county previous to an ap-  
plication being made, for a period of not less  
than six months." This is a local rule  
adopted for the protection of home talent.

PERSONALS.

Escalante Bob Clark came in Monday to  
attend the dance of B. B. B.

Wes Williams was in town during the  
week from his home at Royal City.

W. B. Stanley of Vanderbilt, passed  
through last Thursday for Lake Valley.

Mrs. Wm. Lloyd and family left the early  
part of the week for a short visit to Salt  
Lake.

Archy Yocham and daughter Susie were  
up from the Wash to attend the B. B. B.  
dance.

F. P. Swindler and wife returned Friday  
evening after a sojourn of a couple of months  
in California.

Carrie Culverwell of M. V. Wash, left  
Monday for St. Mary's school Salt Lake,  
for a year's term.

R. J. Gordon and wife of M. V. Wash, came  
up Monday to take in the social of the  
benevolent Bachelor Brotherhood.

Ida Deck was an outgoing passenger by  
Monday's stage for Salt Lake City, where  
she goes to attend St. Mary's school.

H. Eilers returned last night from Salt  
Lake City much improved in health. He  
states that business is slowly improving in  
the city.

Miss Josie Kiernan of M. V. Wash leaves  
tomorrow for Salt Lake City to attend the  
St. Mary's school and will graduate with  
this term.

Kate Courtney came in on Saturday's  
stage from Tintic, Utah. She will have  
charge of the Primary Department of the  
public school here.

Miss Jeanette Findlay, of Panama, was  
the guest of Mr. and Mrs. E. D. Turner, the  
fore part of the week. She leaves to-  
morrow for Provo, Utah.

H. Rice was in from Spring Valley during  
the week. He says that he is not seeking  
any nomination, but can still talk politics  
without being a candidate.

Dr. Price's Cream Baking Powder  
World's Fair Highest Medal Powder.

For family liquors go to Sam E. Wertheimer.

The Peoples Party County Ticket ap-  
pears in this issue.

The Tariff bill became a law Monday  
without the President's signature.

The Phenix Reduction Company, of  
Bullionville, have closed down temporarily.

Notice to creditors of the estate of  
August Werner, deceased, appears in  
another column in this issue.

The stage was about two hours behind  
time last night, caused by a break-down ten  
miles the other side of Panama.

The Reno jockey club has postponed the  
five day's racing advertised to take place in  
September until the first week in October—  
the 2d to 6th, inclusive.

Headers have commenced running in  
Mason Valley grain fields. Double the  
acreage of wheat ever before grown in the  
valley was sown last spring. The harvest  
of wheat and barley will be bounteous.

The Gazette in a column article recites the  
woes from which this country is suffering,  
and then with the biggest display of cold  
gall we ever heard of says the Republican  
party of Nevada has before it the task of  
correcting all these evils.—Silver State.

We understand that the pending change  
of the P. C. property here and the building  
of the railroad in connection therewith was  
satisfactorily settled in New York the other  
day, and active work might be looked for  
before the first of October on the road.

Carnegie has leased a big estate in  
England for twenty-one years. He robbed  
England of enormous wealth to spend it  
elsewhere. He will probably post Johnny  
Bull as to the exact location of defensive  
armor plates on American war vessels.—  
Homer Index.

Judge Hawley passed sentence on the  
following named prisoners, convicted for  
selling whiskey to Indians. Chas. Hart-  
man, Lew Hun, Ah Jun and Ah Gee, eight  
months each; John Johnson, four months;  
Joseph Elbridge and Ah There, one month  
each.—TRIBUNE.

The Republican State convention at Car-  
son on Aug. 25th, nominated the following  
ticket: For governor, A. C. Cleveland;  
lieutenant-governor, Frank Emmitt; con-  
gressman, H. F. Bartine; secretary of  
state, E. D. Vanderlieth; treasurer, G.  
W. Richards; comptroller, O. H. Grey;  
attorney general, J. D. Torreyson; super-  
intendent of public instruction, Orvis King;  
surveyor general, G. N. Folsom; state  
priest, J. D. Eckley; supreme judge, M.  
A. Murphy; District Judges: first district,  
Richard Rising; second district, E. R.  
Dodge, third district, passed temporarily;  
fourth district, J. Poujade.

We coincide with the exchange that says  
that the free coinage of silver will not  
compel any person to receive silver for any-  
thing he has to sell. He can hold until he  
receives gold or anything else he demands,  
but when he has full legal tender silver  
coins he can easily be rid of them when he  
wishes to pay debts, and this is the only  
purpose for which law creates money of any  
kind, size, shape, color or material. Nor is  
there any more need that money should be  
on a gold plate than the warrant for  
arrest of an order for the release of a man  
from prison should be engraved on gold. It's  
the law, not the material, that talks busi-  
ness.

Hong Chung, a representative of the Sam  
Yip Company of China came in on Sat-  
urday's stage for the purpose of taking up the  
bones of one of his countrymen and shipping  
them to China. Once every three years a  
representative of this company gathers the  
bones of those defunct Chinamen that be-  
longed to the company and they are shipped  
back to China, and thence to the provinces  
and places where they were born and  
reburied there. A complete record is kept  
of every Chinaman that belongs to this  
company and when one passes in his checks  
the head office is notified of his death, time  
and place of burial, and after a certain lapse  
of time a representative of the company  
comes along and has him dug up. He  
left with the bones on Wednesday's stage.

DE LAMAR DOTS.

Francis & Lytle have nearly finished their  
meat market.

The drive well of the DeLamar Co., is  
down 700 feet.

A land of Lemaitre are camped at the  
lower end of town.

Johnny Horton is putting in good time  
building himself a substantial cellar.

Cooper's restaurant was finished last  
night and will soon be in full running blast.

Schaefer & Martin have completed their  
saloon and have started on a storage cellar.

Work goes steadily ahead on the Flag-  
staff and it looks more encouraging every  
day.

T. E. Edwards has the sides of his new  
building up and is rushing the completion of  
it.

The DeLamar's Nevada Gold Mining  
Company has established the seventh day of  
each month as a regular pay day.

There was a cloud burst at DeLamar on  
Tuesday evening at 7 o'clock. A few  
minutes before the water came the inhabi-  
tants heard a very heavy rumbling, and all  
at once it was as the heavens had let loose  
the water jacket with hydraulic pressure  
behind it. No great damage was done.  
The canyon showed a very large stream and  
the Dupont well on the flat (which is about  
100 yards from the drive well of the De-  
Lamar Co.) filled up fifty feet with water.

(Taken from the Lode of the 27th.)  
Herman McLaughlin and John Thomas,  
equipped with a completed outfit, started  
for the Sheep mountain country Thursday  
morning, and Saturday Dave Meikle and  
Tom Soward left for the new excitement  
for the purpose of investigating the merits  
of the reported discoveries.

To-morrow three 8-hour shifts will be put  
to work in the No. 7 tunnel to drive ahead  
more rapidly. A winze was started this  
week some 300 feet in the Monitor tunnel to  
make connection with the No. 7 level, and  
will have to be sunk about 175 feet. The  
road leading to the No. 2 tunnel is almost  
completed. The route used is from the  
April Fool shaft No 1 up over the hill.

The Sheep mountain excitement is causing  
considerable talk hereabouts. The assays  
are reported to run from \$180 to \$1000 per  
ton, and the find is directing much attention.  
W. H. Sharp and John Richard, both of  
Pahrump Valley, are the lucky discover-  
ers. Several have already left this district  
for the new finds, and others contemplate  
going. This discovery, together with the  
discovery a short distance below St. Thomas  
in this county, and the activity in the  
southern portion of the county, with what  
is going on in this vicinity, makes a marked  
improvement in the general condition of  
affairs.

Obituary.

Friday evening at 10:15 o'clock, after only  
a few days severe illness, Joseph W. Cassidy  
passed from this life to the great beyond.  
He had been ailing for some time, but his  
friends little thought the end was so near.  
The cause of death was a combination of  
diseases which baffled the skill of medical  
science. His last hours were made as pleas-  
ant as possible by ministering friends, who  
did all in their power to alleviate his suffer-  
ings.

Mr. Cassidy was well and favorably  
known throughout this county, where he  
has been engaged in mining and prospect-  
ing for a number of years past. Deceased was  
about forty years of age; was born in Ken-  
tucky and leaves relatives in Missouri. The  
funeral took place Sunday morning at 10  
o'clock, and the body was followed to its  
last resting place by a large number. Burial  
service was conducted by John Shier, and  
interment was made below the stage road  
half way between this place and Helene.

Dr. Price's Cream Baking Powder  
World's Fair Highest Award.

Freake's Lightning.

One day last week L. L. Woods of Clover  
Valley lost a fine cow in front of his resi-  
dence in Clover Valley, she being struck by  
lightning, and the same day lightning  
struck the house of Lamond Woods of the  
same place, went down the stove pipe,  
around the sewing machine and out through  
the door, without doing any particular  
damage.

A week ago Tuesday while Jenkin Evans  
and another teamster were camped at  
Antelope Springs lightning killed one of the  
horses of the team, burnt Jenkin Evans on  
the forehead and knocked senseless the man  
that was with him and also a little boy. It  
was some time before they could be found.  
Mr. Evans' arm was partly paralyzed as was  
also the right arm of the other gentleman,  
but the boy escaped any serious injury.

The Boundary Line.

The report that the new survey of the  
boundary line between this State and Cali-  
fornia would take a strip off the south side  
of Douglas county three miles in width was  
far from correct. The new line will run al-  
most parallel with the old one and the dis-  
tance between the two lines at the Fred-  
ericksburg Creamery is about three-eighths  
of a mile. Douglas county will lose very little  
taxable property. According to the new  
survey the Fredericksburg Creamery is just  
across the line in California—Genoa Courier.

The Tintic, Utah, Miner is advocating J.  
Donald Cameron of Pennsylvania, for Presi-  
dent in 1896 and Henry M. Teller of Colo-  
rado for Vice-President.

In the District Court at Reno last Mon-  
day letters of administration were issued to  
Mrs. Minnie D. Foley, in the estate of  
M. D. Foley, deceased, bond \$200,000.  
The special administrator W. E. Griffin  
filed his final report and was discharged.

ADDRESS SAN FRANCISCO CAL.

OUR WASHINGTON LETTER.

Correspondence of THE RECORD,  
WASHINGTON, August 23, 1894.

Mr. Cleveland was figuratively given a  
slap in the face when the Senate adopted  
the resolution offered by Murphy, of New  
York, declaring it to be the sense of the  
Senate that no further tariff legislation  
should be considered at this session, and  
that it was advisable to adjourn at the  
earliest possible moment, and the free  
traders of the House are accusing the Demo-  
cratic steering committee of the Senate of  
having bungled them by making promises  
concerning the passage of the popgun tariff  
bill which the adoption of this resolution  
makes it impossible for them to carry out.  
Senator Sherman took the floor after the  
adoption of the Murphy resolution to make  
a few remarks, which he correctly charac-  
terized as "plunkets." He told the Demo-  
crats of their numerous blunders which in-  
cluded from 50 to 100 important errors in  
the tariff bill, now in the hands of Mr.  
Cleveland, one of which, that for the free  
entry of alcohol used in the arts, would if  
unrepealed, cost the government from  
twenty to thirty millions of dollars in lost  
revenue annually. He also had a sharp  
word or two to say about the unusual ex-  
tension to which the encroachments of the  
executive upon the legislative branches of  
the government had been pushed during the  
present session of Congress, and in conclu-  
sion expressed his belief that the best thing  
to be done was to go home and await the  
verdict of the voters before further meddling  
with the tariff. To show that he was in  
earnest Mr. Sherman has himself gone home  
not to return until the opening of the next  
session of Congress.

While it is generally regarded as certain  
that Mr. Cleveland is going to swallow his  
big dish of crow and allow the Senate tariff  
bill, which he so roundly abused in the  
Wilson letter, to become a law, either with  
or without his signature, there are men,  
prominent men, too, who believe that he is  
still in doubt, and that his present visit to  
Brazzard Bay was not because of his illness  
but because he could better hold secret con-  
ferences there with certain individuals than  
he could at the White House, and that  
those conferences will settle whether the  
bill shall be allowed to become a law or be  
vetoed. These men say further that Sec-  
retary Carlisle is fully committed to the  
Senate bill and has been ever since he wrote  
its sugar schedule, and that his actions, in  
sending copies of the bill to all collectors of  
customs and otherwise preparing to exe-  
cute the provisions of the new law, is merely  
a shrewd move to allow the public to sup-  
pose that the administration accepts the bill  
and thus to aid in coercing Mr. Cleveland  
into allowing it to become a law.

Congress can do nothing more for lack of  
a quorum in both branches, but it will be  
kept in session until next Monday, unless  
Mr. Cleveland acts upon the tariff bill before  
then, and it may even then have trouble to  
adjourn if some member takes the notion to  
raise the point of "no quorum" when the  
motion is made. However, it is probable  
that enough of the members might be got to  
return for the purpose of making a quorum  
to adjourn when it can be done without  
jeopardizing the tariff bill.

"Nothing but the need of the \$8,000 a  
year which the position pays keeps Sec-  
retary Carlisle in the Cabinet." This asser-  
tion was made by a personal friend of Sec-  
retary Carlisle's—a Kentuckian—and it is  
not surprising to those who know anything  
about the inside history of this administra-  
tion. Mr. Carlisle has known for some time  
that the failure of the financial policy, or  
rather the entire lack of financial policy,  
of the administration has killed his political  
future, and he feels doubly sure because he  
has not been allowed to be more than a  
clerk to Mr. C.

He thinks that things would have been  
better had he been allowed to control affairs  
connected with his department, as he ex-  
pected he would be when he left the Senate  
where he could have remained as long as  
Kentucky could elect a democratic legisla-  
ture, to enter the cabinet. He has been  
disposed to rebel for some time, and his  
letter against the popgun tariff bills for  
which Mr. Cleveland was largely responsi-  
ble, harrasing the free sugar bill, which he  
did not want, was sent to Senator Harris  
without Mr. Cleveland's knowledge, and  
with the special intention of blocking Mr.  
Cleveland's efforts to help the Whitney coal  
syndicate and the Carnegie iron ore syn-  
dicate, and at the same time to help the sugar  
trust, which may furnish a salary for Mr.  
Carlisle when he eventually has to leave the  
Cabinet.

"Doctor" said the maiden, "has kissing  
ever been known to disseminate disease?"  
"Yes," said the medical man, "it frequent-  
ly leads to heart trouble."—[Ex.]

Platform.

Our Committee on Resolutions and Platform,  
having attended to the duty assigned them, beg  
leave to make the following report:  
WHEREAS: It has been demonstrated by the  
history of the last two years—pregnant with  
bankruptcy, corruption and cowardice in  
foreign relations, disaster and death, starvation,  
strikes and general stagnation of all business  
enterprises,—that the People's Party was formed  
none too soon to avert the complete destruction of  
our form of government and the liberties of our  
people. Therefore be it  
RESOLVED: That we endorse the declaration  
and platform of the People's Party adopted at  
Omaha on the 4th of July, A. D. 1892, as follows:  
PEOPLE'S PARTY PLATFORM.  
Adopted at the National Convention July 4, 1892.  
We declare—1. That the union of the labor  
forces of the United States, this day consummated,  
shall be permanent and perpetual. May its spirit  
enter into all hearts for the salvation of the re-  
public and the uplifting of mankind.  
2. Wealth belongs to him who creates it, and  
every dollar taken from industry without an  
equivalent is robbery. "If any man will not  
work, neither shall he eat." The interests of rural  
and civic labor are the same; their interests are identical.  
3. We believe that the time has come when the  
rule of corporations will give over the people  
of the people must own the railroads; and should  
the government enter upon the work of owning  
and managing any or all railroads, we should favor  
an amendment to the constitution by which all  
persons engaged in the government service shall  
be placed under a civil service regulation of the  
most rigid character, so as to prevent the increase  
of the power of national administration by the  
use of corrupt political patronage.  
4. We demand a national currency, safe, sound,  
and flexible, issued by the general government,  
and redeemable in gold, silver, public and  
private, and that without the use of banking cor-  
porations, banks, or any other artificial means of  
distribution direct to the people, at a tax not ex-  
ceeding two per centum per annum, be provided,  
and set forth in the said currency plan of the  
Farmers Alliance, or some better system; also by  
payments in discharge of its obligations for public  
improvement.  
5. We demand the free and unlimited coinage  
of silver and gold at the present legal ratio of 16  
to 1.  
6. We demand that the amount of the circulating  
medium be increased to not less than \$50 per  
capita.  
7. We demand a graduated income tax.  
8. We believe that the money of the country  
should be kept as much as possible in the hands  
of the people, and hence we demand that all state  
and local taxes be levied and collected in spe-  
cially issued and non-interest bearing currency,  
and that the government be limited to the  
issuance of such currency.  
9. We demand that the government be estab-  
lished by the government for the safe deposit of  
the earnings of the people and to facilitate ex-  
change.  
10. Transportation being a means of exchange,  
and public necessity, the government should own  
and operate the railroads in the interest of the  
people.  
11. The telegraph and the telephone, like the  
postal service, being a necessity for transac-  
tion of business, should be owned and operated by  
the government in the interest of the people.  
12. The land, including all the natural sources  
of wealth, is the heritage of all the people, and  
should not be monopolized by speculative pur-  
suits, and the ownership of land should be pro-  
hibited. All lands now held by railroads and  
other corporations, in excess of their actual needs  
and all lands now owned by aliens should be re-  
claimed by the government and held for actual  
settlement.  
And WHEREAS: It is apparent that there is a  
collision between the leaders of the so-called Re-  
publican and Democratic parties, in order to full-  
fill the promise made by the People's Party, in  
order to accomplish the reform which it seeks by  
the use of force, and that they have been the case  
for the last twenty-five years, and  
WHEREAS: It is necessary, in order to con-  
quer the common enemy, to unite under a common  
national banner, and not fritter out time and  
strength away in fostering local parties of different  
names. Therefore be it further  
RESOLVED: That, in our opinion, the Silver  
Party of this State should drop its local name and  
fall into line with the National People's Party,  
in order to accomplish the reform which it seeks by  
the use of force, and that they should be further  
organized for the great national conflict of  
1896. And  
WHEREAS: We recognize the fact, that those  
who are not for us against us, and that instant  
action is required, in order to save the people  
source of weakness to those who are struggling for  
freedom, therefore be it further  
RESOLVED: That our delegates to the People's  
Party Convention to be held at Reno on the 6th  
day of September 1894, be, and they hereby are,  
instructed to oppose any fusion with any other  
party whatever, and that if they give proxies to  
others, that they instruct their proxies to the  
same effect.  
C. H. PATCHEN, Chairman.  
ALEX. VEITCH, ROY. LEROY.

Notice of Forfeiture.

To J. B. Gilbert and H. P. Thompson their  
grantees, successors or assigns:  
You are hereby notified that the undersigned,  
a co-owner with you in the Logan and the Emma F.  
lode mining claims, situated in the Eschewan Min-  
ing District, County of Lincoln, State of Nevada,  
has performed the work and made the expendi-  
tures on said above mentioned claims and each of  
them, necessary to hold the same for the year A.  
D. 1893, as required by section 2334 of the Revised  
Statutes of the United States, and that the amount  
due from you, your grantees, successors or assigns  
on account of such expenditure on said claims is  
as follows: J. B. Gilbert, one-third interest,  
\$6.00. H. P. Thompson, one-third interest, \$6.  
And if within ninety days after the publication  
of this notice, you fail or refuse to contribute  
your said proportion of such expenditure as co-  
owners, your interest in said claims will be sold to  
satisfy the property of the undersigned under section  
2334.  
J. JOSEPH BRENCHLEY.  
Reno, Nev. Feb. 18, 1894.
